## Dr. Saleh Altamimi

CEO, Riyadh First Health Cluster (RFHC)

The KSMC International Dental Conference 2026 is organized in line with the Riyadh First Health Cluster's strategic commitment to advancing scientific excellence and elevating dental practice through innovation, research, and knowledge-driven approaches.

This conference provides a unique platform to promote collaboration across advanced dental technologies, modern clinical techniques, and evidence-based practices. It aims to strengthen the expertise and capabilities of our national healthcare professionals, ensuring the delivery of high-quality, safe, and effective oral healthcare that meets the Kingdom's evolving healthcare goals.

Bringing together an esteemed group of local and international specialists marks a significant milestone in exchanging knowledge, sharing best practices, and reinforcing Saudi Arabia's leadership as a regional hub for medical and dental innovation, particularly in specialized fields that directly impact patient well-being and quality of life.

We are confident that the future of healthcare and dentistry relies on continuous learning, collaboration, and innovation. This conference will serve as a cornerstone for advancing research, fostering professional partnerships, and supporting sustainable development of the healthcare system—fully aligned with the vision and aspirations of Saudi Vision 2030.

## Dr. Mohammed Almalki

Executive Director of the Riyadh Health Zone at the  
Riyadh First Health Cluster (R1)  
Chief Executive Officer (CEO) of King Saud Medical  
City (KSMC)

It is my great pleasure to welcome you to the KSMC International Dental Conference 2026, hosted by King Saud Medical City. This conference reflects our commitment to excellence, innovation, and collaboration in advancing dental healthcare, in alignment with the goals of Saudi Vision 2030.

At King Saud Medical City, we believe that oral health is a fundamental pillar of overall well-being. This conference brings together distinguished experts, practitioners, and researchers from around the world to explore the latest advancements in dental sciences, including digital dentistry, implantology, oral and maxillofacial surgery, restorative and esthetic dentistry, orthodontics, periodontology, and advanced dental imaging.

The scientific program has been thoughtfully designed to support lifelong learning and professional development through interactive lectures, hands-on workshops, and real-world clinical case discussions. These activities aim to enhance clinical skills, promote innovation, and translate cutting-edge research into practical solutions that improve patient outcomes.

This conference stands as a testament to the dedicated efforts of the dental teams at King Saud Medical City in strengthening subspecialty care, embracing advanced technologies, and fostering a culture of excellence and research. Through such initiatives, we contribute to building a highly skilled healthcare workforce and empowering national talent—key objectives of Saudi Vision 2030.

On behalf of King Saud Medical City, I extend a warm welcome to all participants and wish you a rewarding scientific and professional experience. Together, we look forward to shaping the future of dental care and enhancing oral health for our communities and for generations to come.

*Dr. Mohammed Almalki*

## Dr. Faleh Alhojhouj

Chairperson of KSMC International Dental Conference 2026  
Director of Dental Hospital, King Saud Medical City (KSMC), Riyadh  
First Health Cluster (RFHC)

It is my great honor to welcome you to the KSMC International Dental Conference 2026, hosted by King Saud Medical City (KSMC)- Riyadh First Health Cluster (RFHC).

This landmark event marks a proud milestone in our shared journey to advance excellence in oral health — in Saudi Arabia and beyond.

Taking place in the vibrant city of Riyadh from January 29–31, 2026, this exciting conference brings together global experts, clinicians, researchers, and innovators to share ideas, showcase new research, and explore the future of dentistry.

With the theme “Advancing Excellence in Oral Health,” the conference offers a dynamic platform to learn, collaborate, and drive progress across all dental specialties.

Through a rich scientific program, expert-led sessions, and valuable networking opportunities, we aim to inspire real impact on clinical practice and patient care.

Aligned with Saudi Vision 2030, this event reflects our strong commitment to innovation, continuous learning, and the highest standards in oral healthcare.

We are excited to welcome your engagement and contributions, as your involvement is key to making this conference a truly successful and inspiring event. Together, we will advance the future of dental care.

Warm regards,

*Dr. Faleh Alhojhouj*

## ABOUT THE CONFERENCE

### Welcome to the KSMC International Dental Conference 2026

We are pleased to welcome you to the KSMC International Dental Conference 2026, the inaugural international dental conference organized by King Saud Medical City (KSMC) – Riyadh First Health Cluster (RFHC). This landmark event serves as a distinguished global platform that brings together dental professionals, specialists, researchers, and innovators to exchange knowledge and advance the future of dental care.

As we gather for this premier scientific event, the conference focuses on addressing key challenges and emerging debates across a wide range of dental specialties, including esthetic and restorative dentistry, prosthodontics, implantology, endodontics, periodontics, digital dentistry, pediatric dentistry, orthodontics, as well as practice management and leadership. The program is thoughtfully designed to reflect the evolving landscape of modern dentistry and its growing clinical and technological demands.

In addition to its comprehensive scientific agenda, the conference features parallel scientific sessions dedicated to dental assistants and dental hygienists, fostering an inclusive and collaborative learning environment for the entire dental team. These sessions aim to enhance professional skills, promote teamwork, and elevate the overall standard of patient care.

The conference also serves as a leading hub for trade and knowledge exchange, showcasing the latest advancements in dental technology, innovative treatment approaches, and pioneering research. By bridging clinical excellence with technological innovation, the KSMC International Dental Conference 2026 aspires to empower dental professionals and support continuous excellence in oral healthcare.

We welcome you to be part of this inspiring journey toward advancing dental science and shaping the future of oral health.

## CONFERENCE GOALS

- ◆ **Present** recent innovations and evidence-based practices in dentistry and oral health.
- ◆ **Address** regional and clinical challenges in dental care delivery.
- ◆ **Share** best practices in diagnosis, treatment, and patient management.
- ◆ **Promote** interdisciplinary collaboration and team-based dental care.
- ◆ **Facilitate** knowledge exchange between clinicians, researchers, and industry.
- ◆ **Highlight** preventive dentistry, patient safety, ethics, and quality improvement.
- ◆ **Encourage** leadership and professional development in dental practice and education.
- ◆ **Showcase** emerging dental technologies and innovations across various dental specialties.

# SCIENTIFIC COMMITTEE

## WELCOME NOTE FROM THE SCIENTIFIC COMMITTEE

---

Distinguished Delegates, Esteemed Speakers, and Colleagues,

On behalf of the Scientific Committee, we are honored to welcome you to the KSMC International Dental Conference 2026, the inaugural international dental conference organized by King Saud Medical City (KSMC) under the Riyadh First Health Cluster (RFHC).

This conference provides a premier global platform for dental professionals, specialists, researchers, and innovators to exchange knowledge, address emerging challenges, and advance the future of oral healthcare. The scientific program spans a wide range of dental specialties, including esthetic and restorative dentistry, prosthodontics, implantology, endodontics, periodontics, digital dentistry, pediatric dentistry, orthodontics, and practice management. Parallel sessions for dental hygienists and assistants promote team-based learning and enhance professional skills.

The conference also showcases the latest innovations in dental technology, materials, and research, bridging clinical excellence with technological advancement. We extend our sincere gratitude to all speakers, contributors, and participants for their commitment to professional development and excellence in oral healthcare.

Welcome to this inspiring scientific journey. Together, let us shape the future of dental science.

Sincerely,  
Scientific Committee  
KSMC International Dental Conference 2026

# ORGANIZING COMMITTEE

## WELCOME NOTE FROM THE ORGANIZING COMMITTEE

---

Dear Esteemed Attendees, Colleagues, and Guests,

On behalf of the Organizing Committee, we are delighted to welcome you to the KSMC International Dental Conference 2026.

This conference provides a vital platform for advancing knowledge, sharing cutting-edge research, and showcasing innovative practices across all dental specialties. As dentistry continues to evolve, collaboration, continuous learning, and multidisciplinary engagement remain essential to delivering high-quality oral healthcare.

We are honored to welcome a distinguished group of speakers, experts, and participants whose expertise and vision will enrich the program. We encourage active participation, meaningful discussions, and the exchange of ideas to shape the future of dental care. We wish you a productive, insightful, and inspiring experience at the conference.

Sincerely,  
Organizing Committee

### FROM THE RESEARCH & ABSTRACT COMMITTEE

---

Dear Colleagues and Prospective Authors,

On behalf of the Research & Abstract Committee of the 1st Edition of the KSMC-RFHC International Dental Conference 2026, we are pleased to welcome you to submit your abstracts for consideration. This premier international event provides a distinguished platform for dental researchers, clinicians, and educators to share innovative findings, exchange knowledge, and contribute to the advancement of dental science.

We encourage submissions that reflect high-quality research, clinical case reports, and evidence-based practices across all dental specialties. Your contributions will play a vital role in fostering scientific discussion, promoting collaboration, and enhancing the quality of oral healthcare locally and internationally.

We look forward to receiving your submissions and to your active participation in shaping the scientific program of the conference. Together, let us advance the field of dentistry through rigorous research and meaningful collaboration.

Sincerely,

Research & Abstract Committee

المؤتمر الدولي الأول لطب الأسنان  
مدينة الملك سعود الطبية - تجمع الرياض الصحي الأول

# CONFERENCE SCIENTIFIC AGENDA

**DAY 1** JAN 30<sup>TH</sup> 2026

TIME	TITLE	SPEAKER
08:00 – 09:00	ON-SITE REGISTRATION	
09:00 – 11:30	ENDODONTICS	Chair: Prof. Saad Alnazhan Moderator: Dr. Salma Alkhuwaitir
09:00 – 09:45	CBCT in Endodontics: Improving Diagnostic Precision and Treatment Outcomes	Dr. Aram Navai
09:45 – 10:30	Nano-Revolution in Endodontics: Small-Scale Materials with Significant Clinical Impact	Dr. Almaha Algazlan
10:30 – 11:15	Failure in Endodontics	Dr. Philip Mitchell
11:15 – 11:30	Q & A	
11:30 – 13:00	Jumaah Prayer / Break	
13:00 – 16:00	AI & DIGITAL DENTISTRY	Chair: Dr. Nadia Alangari Moderator: Dr. Hitaf Alzaid
13:00 – 13:45	Recent Advances in Resin- Based Dental 3D Printing	Mr. Mohammad Geraty
14:00 – 15:00	OPENING CEREMONY Welcome Remarks and Keynote on Health Care Transformation in Saudi Arabia	
15:00 – 15:45	Future of Dentistry: How AI is Shaping Modern Oral Health	Dr. Hend Alqaderi
15:45 – 16:00	Q & A	
16:00 – 18:30	MULTIDISCIPLINARY DENTISTRY	Chair: Dr. Eman Alnamnakani Moderator: Dr. Deema Altuwiargi
16:00 – 16:45	The Synergy Between Minimal Preparation Veneers and Soft Tissue Management in Natural Smile Design	Dr. David Montalvo Arias
16:45 – 17:30	Synergistic Periodontal, Orthodontic, and Airway Approaches for Comprehensive Oral Health Management	Dr. Mohammad Qali
17:30 – 18:15	Timing and Growth Continuum: Interceptive vs. Corrective Care Across Ages	Dr. Nermin Helal & Dr. Osama Basri
18:15 – 18:30	Q & A	

المؤتمر الدولي الأول لطب الأسنان  
مدينة الملك سعود الطبية - تجمع الرياض الصحي الأول

**DAY 2 JAN 31<sup>ST</sup> 2026**

TIME	TITLE	SPEAKER
08:00 – 08:15	ON-SITE REGISTRATION	
08:15 – 12:00	IMPLANT DENTISTRY	Chair: Dr. Arwa Alsayed Moderator: Dr. Mashaal Abuabat
08:15 – 09:00	Subperiosteal Implants the New AGE	Dr. Rui Coelho
09:00 – 09:45	Managing Complications from Poor Treatment Plan	Dr. Jaime Jimenez Garcia
09:45 – 10:45	Peri-Implantitis and Systemic Inflammation: Surgical Predictors, Molecular Biomarkers, and Host-Response Interactions	Prof. Frank Schwarz
10:45 – 11:20	Key Determinants for Long-Term Success in Dental Implantology	Dr. Yeliz Cavusoglu Yuce
11:20 – 11:50	Precision-Driven Implants: Digital Planning Prosthetic Principles	Dr. Adnan Bazarbashi
11:50 – 12:00	Q & A	
12:00 – 13:00	Prayer / Break	
13:00 – 16:30	ORAL & MAXILLOFACIAL SURGERY	Chair: Dr. Talal Alshammari Moderator: Dr. Feras Moslem
13:00 – 13:45	Facial Definition, the Power of Facial Implants	Prof. Badr Aljandan
13:45 – 14:30	Orthognathic Surgery & TMJ Disease	Dr. Ahmad Alshadwi
14:30 – 15:15	The Synergy of Orthognathic Surgery and Invisalign	Dr. Suliman Shahin
15:15 – 16:00	Restoring Missed Developmental Milestones, an Integrative Approach to OSA Care	Dr. Ahmed Alsayed
16:00 – 16:30	Q & A	
16:30 – 17:30	AWARDS & CLOSING CEREMONY	Conf. Chairperson: Dr. Faleh Alhojhouj Conf. Co-Chairperson: Dr. Alhassan Ajeebi

المؤتمر الدولي الأول لطب الأسنان  
مدينة الملك سعود الطبية - تجمع الرياض الصحي الأول

## DENTAL ASSISTANTS SESSION

(JANUARY 30TH , 2026)

CHAIR: DR. FAHDA ALDAHASH

MODERATOR: MS. HAYA ALSUBAIE AND MS.AMAL ALSHUBEKI

TIME	TITLE	SPEAKER
08:00 – 08:45	The Strategic Role of Dental Assistants in Infection Prevention and Control	Ashwag Alharthi & Salha Almajrashi
08:45 – 09:30	Sterilization Methods and Infection Control in Dentistry	Fatmeh Alshubaili
09:30 – 10:15	The Role of Dental Assistant in Behavior Management and Enhancing Children's Acceptance of Dental Treatment	Roaa Aldhahri & Sara Saeed
10:15 – 11:00	The Contribution of the Dental Assistant to Improving the Patient Experience Within The Dental Clinic	Ghadah Alotaibi & Reem Alfajr
11:00 – 11:45	Dental Assistants in Special Needs Dentistry: Enhancing Care and Communication	Haya Alsubaie & Haya Alqahtani
11:45 – 12:30	Empowering Dental Assistants through Leadership and Teamwork	Huda Alsomali & Munirah Alhamed
12:30 – 12:45	Q & A

DENTAL CONFERENCE 2026

Advancing Excellence in Oral Health

المؤتمر الدولي الأول لطب الأسنان  
مدينة الملك سعود الطبية - تجمع الرياض الصحي الأول

## BASIC CONCEPTS OF IMPLANT DRILL GUIDE DESIGN

### ACTIVITY OBJECTIVES

- Digital Implant Planning Workflow  
From imaging and segmentation to virtual implant placement.
- Surgical Guide Design  
Design and optimize fully guided or pilot drill guides.
- Guide Fabrication & Clinical Preparation  
3D printing, post-processing, and sterilization for clinical use.

MR. MOHAMMAD GERATY

Facial Prosthetologist,  
King Faisal Specialist Hospital &  
Research Center

MR. HUSSAIN ALFAIFI

Dental Technologist,  
King Faisal Specialist Hospital &  
Research Center

### TARGET AUDIENCE

- Dentists
- Dental Students
- Dental Lab Technicians

PRE-CONFERENCE WORKSHOPS

## ZYGOMATIC IMPLANTS FOR ATROPHIC MAXILLA

### ACTIVITY OBJECTIVES

- Understand the role of zygomatic implants in rehabilitating compromised maxillary arches.
- Identify indications for zygomatic implants as an alternative in severe maxillary atrophy.
- Appreciate functional and esthetic benefits of zygomatic implant-supported prostheses.

### TARGET AUDIENCE

- Implantologists
- Periodontists
- Dental Residents
- Dental Interns
- Oral & Maxillofacial Surgeons

DR. SAMI ALSHEHRY

Assistant Professor and Director of  
OMFS Residency Program, Imam  
Abdulrahman Bin Faisal University

## BONE EASY CUSTOMIZE IMPLANT SOLUTIONS

### ACTIVITY OBJECTIVES

- Understand when and why to choose Bone Easy techniques and customized implant solutions.
- Enhance pre-surgical planning using CBCT and digital workflows to reduce risks and errors.
- Apply practical protocols for managing complex cases and handling complications.

DR. RUI COELHO

Consultant in Oral & Maxillofacial Surgery &  
Dental Implantology.  
Owner and Founder of BoneEasy Company

### TARGET AUDIENCE

- Dentists
- Implantologists
- Prosthodontists
- Digital Dentistry
- Oral & Maxillofacial Surgeons

### Bone Easy Customize Implant Solutions

Time	Agenda	Speaker
08:00 - 08:30	Introduction	Dr. Rui Coelho
08:30 - 09:00	Clinical Indications & Case Selection: When to choose Bone Easy techniques and customized implant solutions	
09:00 - 10:00	Pre-Operative Planning: CBCT evaluation, digital planning, and risk assessment for predictable outcomes	
10:00 - 11:00	Surgical Protocols & Step-by-Step Workflow: Key steps, instruments, and tips to avoid complications	
11:00 - 11:30	Coffee Break	
11:30 - 12:30	Customization in Implant Solutions: Design considerations, component selection, and prosthetic-driven planning	
12:30 - 13:30	Managing Challenging Cases: Low bone volume, immediate vs delayed protocols, and decision-making	
13:30 - 14:00	Discussion and Q&A

## DIGITAL SURGICAL GUIDES A PROSTHODONTIC PROSPECTIVE

### ACTIVITY OBJECTIVES

- Prosthetically Driven Digital Planning  
Principles, workflows, and clinical indications.
- Digital Surgical Guides & Accuracy  
Guide types, fabrication, and sources of error.
- Clinical Application & Integration  
Partial and full-arch cases for predictable outcomes.

DR. AREF ALMAHAYNI

Consultant Prosthodontist &  
Head of Department at Dallah Hospital Group

### TARGET AUDIENCE

- Prosthodontists
- Implantologists
- General Dentists

## SINUS LIFT: FROM CBCT INTERPRETATION TO CLINICAL EXCELLENCE

### ACTIVITY OBJECTIVES

- **Case Selection & CBCT Assessment**  
Indications, contraindications, sinus anatomy, and surgical planning.
- **Lateral Sinus Lift Technique**  
Window design, membrane elevation, and complication management.
- **Grafting & Healing Principles**  
Graft selection, biology of healing, and implant timing.

DR. SHATHA ALHARTHI

Professor, Division of Periodontics,  
Princess Nourah bint Abdulrahman University

## DIGITAL ESTHETICS WORKFLOW: SIRIOS SCANNING + SMILECLOUD SMILE DESIGN

### ACTIVITY OBJECTIVES

- Digital Implant Scanning  
Edentulous and implant scanning with SIRIOS, comparing AHA and conventional scanbodies.
- Smile Design Integration  
2D-3D smile design using SmileCloud with facial and intraoral data.
- Digital Prosthetic Workflow  
STL export for accurate esthetic planning and implant restoration.

DR. TAMARA REBEIZ

Clinical Instructor, Department of  
Periodontology & Implantology at  
Saint Joseph University
